## **Atlantic Stewardship Bank Announces New Branch to Open in Morris County**

**MIDLAND PARK, N.J. – April 28, 2017** – Atlantic Stewardship Bank recently announced that its new office at 43 South Park Place on the Green in Morristown, New Jersey, is scheduled to open in late spring of 2017. ASB’s newest office will join Montville and Pequannock as its third Morris County branch. This will be ASB’s 12th branch location serving Bergen, Morris and Passaic counties along with the surrounding markets.

ASB plans to publicize its Morristown grand-opening date and promote several celebration festivities in the weeks to come. “We are excited to be a part of the Morristown community and to be opening a new physical location in the Morris County market,” said Paul Van Ostenbridge, President & Chief Executive Officer of Atlantic Stewardship Bank. “Our Morristown branch will continue to meet the needs of our customers and offer additional conveniences such as advanced technology with a new Interactive Teller Machine, which combines ATM functions with access to a live teller, as well as lending solutions tailored to meet customers’ requests with a commercial lender on site and localized decision-making.”

As a unique kind of full-service commercial bank – one that gives back to the community as part of its core values and Christian heritage – ASB is truly an extraordinary financial institution. “Living up to our promise of being faithful to our customers,” Van Ostenbridge stated, “we have decided the best way to let people know that they can rely on us is to always be personally faithful to their needs.” ASB “tithes,” or shares, 10% of its taxable income with not-for-profit, educational, charitable, and/or evangelical religious recipients each year. As a result, the Bank has been able to give back more than \$9.3 million to nonprofit organizations since its inception.

“We hope you find Atlantic Stewardship Bank, our commitment to service and our unique Tithing Program to be of interest. We welcome the opportunity to service each and every customer with personalized solutions, for as the bank grows, so does our ability to help others. Simply said, it’s what we do,” added Van Ostenbridge.
